

SCR SOFT Technologies *Document Management System Software*

Customer Success Story

Business Overview

India Pistons Ltd is a comprehensive global source of **PISTONS, PISTONS RINGS and Cylinder Liners for small engines to commercial vehicles, passenger cars, and utility Vehicles, agricultural tractors and construction equipment**. The company supplies two-thirds of the domestic market requirement. It has plants in Chennai. With an annual capacity of 5.5 million pistons with a workforce of 1,400.

Challenges

All ISO, TS16949, ISO 14001 documents of its pistons and Piston Rings assemblies are among India Pistons most precious assets. These APQP Documents, PAP Documents, Procedure Manuals, drawings are critical in the maintenance of its existing products, as well as the design and construction of new products. Yet, as the volume of these APQP and PPAP Documents, Procedure Manuals, drawings continued to grow, managing and providing access to them became increasingly difficult.

Solution provided

These APQP Documents, PAP Documents, Procedure Manuals were stored in Main server (centrally managing) in Sembium plant and accessing at all its three plants desktops of each department.

Information regarding the APQP Documents, PPAP Documents, Procedure Manuals and drawings was stored in an SQL Server database. Respective department people could access the APQP Documents, PAP Documents, Procedure Manuals and drawings through the network and could make changes with high security.

Key Features

- ❖ Web-based
- ❖ Automated Document Updates
- ❖ Automated APQP Document Creation
- ❖ Custom Document Formats
