Customer Success Story

KIML

Kyungshin Industrial Motherson Limited

Business Overview

Kyungshin Industrial Motherson Limited (KIML) is a joint venture between Kyungshin Industrial Company Limited of South Korea and Motherson Sumi Systems Limited Located at Chennai, India

Kyungshin Industrial Company Limited is a leading manufacturer of integrated wiring harnesses in Korea. KIML specializes in manufacturing wiring harnesses that are made to customer specifications. Located at Chennai in India, KIML caters to the entire wiring harness requirements of its customers in the region.

Challenges

KIML has State-of-the art manufacturing set-up, World-class facilities featuring lean manufacturing, Automatic cutting, stripping and crimping machines and having 100% electronic testing facilities, despite the major challenge is measuring and recording the readings error free and preparing the charts manually became increasingly difficult task and time consuming process for the technicians.

Solution provided

SCR SOFT Technologies gave a solution by integrating their measuring devices, which are in online that are connected with ZAM machines with our SCR ONLINE-SPC software. With this facility Employees need not to enter the data manually in the software for analyzing and preparing control charts. As a result, **the Employees will save time and there will not be any manual errors** by which the company will be providing superior customer service with error free while boosting its efficiency.
